To:	All Staff
From:	Liza Pacurar
Subject:	Special issue
Date:	November 12

Dear All,

Once again, I'd like to express my gratitude for the great efforts you have made to help us meet the publication deadline for our annual special issue of *Best Design Insights* magazine. What follows is a summary of the main points we discussed at today's meeting.

• Karine Xu reported that advertisers have expressed heightened interest in the issue, so the deadline for submitting advertisements will be extended one week.

• For this issue, we will use our alternate printing service, Sklarr Press, to meet our tight delivery deadline.

• We've gotten approval to increase the budget so that Mark Janskee's team can work overtime to review the pages with special layout components, in particular multiple photographs arranged in a photomontage. Mark will then submit a custom design request to the printer.

• The draft of the special issue is longer than we want. So, we reduced the page total by condensing the text of our interview with animation artist Bret Lusk.

E-Mail Message

To: Shaan Iqbal
From: Maggie Rosen
Date: July 12
Subject: Office celebration

Dear Shaan,

As you know, we have planned an office party in honor of Walter Weber for July 28. I was pleased to learn from my assistant that you will be attending, and I was wondering if you would be willing to say a few words about Walter during the event. He founded this firm 25 years ago and has always been an integral part of it. Since you work closely with him in the finance department, I thought you might be well positioned to talk about him as a mentor, worker, and leader. The party will begin at 6 P.M. The speeches will start at 7:30 P.M. and continue for about an hour. I am sure everyone, not just Walter, would love to hear from you! Please let me know as soon as possible.

Many thanks,

Maggie Rosen

Dear Maggie,

Thanks for thinking of me! I have really been looking forward to Walter's party, and it would be a tremendous honor for me to speak about him. Walter actually interviewed me when I first applied for a job with the company fifteen years ago. His guidance over the years has been invaluable.

Please note that I have a meeting with the sales team scheduled for 5 P.M. that day, so I should arrive at the party just as the speeches begin. If you schedule me to deliver one of the later speeches, there should be no problem.

Sincerely,

Shaan Iqbal

This year's tour theme is Winged Paradise, with a focus on flowering plants favored by regional birds and butterflies, including the lesser goldfinch and the ringlet butterfly. All proceeds from ticket sales for this year's tour will go toward replanting the cottonwood forest in Presidio County Park.

Subject: Question about garden tour

Hello,

I became a member of the Alamito Botanical Society last year shortly after moving to Presidio County. The society's Web site, resources, and educational lectures have been helpful regarding my ambitious project: to cover five acres of my land with various native plants that will attract birds and other animals. About one and a half acres of soil have been cultivated so far.

It would be a privilege to show my work to the public and to meet more people who value gardens as we members of the society do. Thus, I am writing to ask if I may participate in the Gorgeous Gardens Tour. I must admit that beautiful lavender bushes that are not native to the area were already growing on the property before I purchased it. However, lavender is not on the invasive-species list, and I continue to let them grow because the butterflies, bees, and other wildlife love the blooms.

Thank you,

Rebecca Olton

https://www.alamitobotanicalsociety.org/education/lectures

The leaders and members of the Alamito Botanical Society cordially invite the public to attend its educational lectures, held at the horticultural department of Marfa Community College. All lectures occur on the third Wednesday of the month at 7:00 P.M. Advance registration is not required.

February: Schedule Your Salad – Get tips for establishing a planting timetable and for selecting delicious vegetables to grow.
March: Nourish the Neighbors – Understand how to use plants native to our region to create landscapes that are inviting to wildlife.
April: Pest Deterrence – Learn natural, pesticide-free techniques that can prevent harmful insects from eating your fruits and vegetables.
May: Pollen Transportation – No butterflies or bees visiting your garden? No worries. Humans can pollinate certain plants using simple techniques.

Dear Ms. Newsom,

Thank you for applying to be a host. Even though you have less space for vehicles than we normally require, Pink Ridge Ranch might be suitable for our smaller events with fewer than 25 people. We appreciate your having created an illustrated list of all the native flowers and trees growing wild on your property; none of our other hosts offers anything like this. Your list of plants would be a real asset for groups engaged in activities involving the identification of species.

I would like to arrange a site visit with my associate Peter Cumberland either this week or next. After 1 P.M. on a Thursday or Friday would work best for us, but we will try to accommodate your schedule if you prefer a morning or a different day.

Sincerely,

Oliver Jeong

Dear Mr. Jeong:

Thank you for touring my ranch on Thursday. I am glad you were able to follow my complicated written directions for driving to and from the ranch after your GPS app stopped working. It was wonderful to meet you both and have a chance to show you around.

I received your follow-up voicemail yesterday. After further consideration, I have decided not to pursue this opportunity after all. The hiking paths on my property are quite overgrown, as your partner pointed out. Unfortunately, I do not have the time or staff to ensure that everything is properly groomed throughout the year. If this situation changes, I will reapply.

Kind regards,

Celia Newsom, Owner, Pink Ridge Ranch

Attachment:	Draft schedule

Good morning,

Mr. Harlington has asked me to let all department managers know that Kenji Tanaka, the chief operating officer of our Japanese subsidiary Kanazawa Electronics, will be visiting our corporate headquarters next week. Please let me know as soon as possible whether you will be able to attend the afternoon meeting and dinner on October 14 so I can make the appropriate arrangements.

A draft schedule is attached to this e-mail. Mr. Tanaka will take the distinguished visitor slot, which Mr. Harlington created last quarter in an effort to reinvigorate our corporate culture.

Departmental reports will begin promptly at 3:00 P.M., following the presentations by Mr. Harlington and Mr. Tanaka, respectively. Details will be announced soon regarding the information that department managers will present in their status reports.

Best,

To:	Eileen Wrenn <ewrenn@a-qualityelectronics.com>
From:	Deborah Powell <dpowell@a-qualityelectronics.com>
Date:	October 7
Subject:	Re: Upcoming visit with Kenji Tanaka

Hi Eileen,

I'm confirming my availability for the meeting with Kenji Tanaka. I plan to update the executives on the marketing team's activities for the third quarter.

Question: do you think Mr. Tanaka might like to go to a baseball game after dinner? He enjoyed seeing the Mapleton Ospreys play after he attended the second quarter meeting in July.

The only problem is that all games in October begin at 8:00 P.M., so we would need to begin dinner at around 5:00 P.M. That would give us enough time to get to the stadium before the game starts. I know this is a lot to ask for, but I think it is worth considering, knowing how much our distinguished visitor enjoyed the Ospreys game and how important he is to the company.

Let me know what you think so I can secure tickets before his visit. Thanks!

Deborah Powell
