Dear Mr. Tran,

I am contacting you because you did not appear for your 1:00 p.m. appointment for your annual physical exam at Hopper's Medical Center (HMC) today. As you know, it is our policy to charge the full appointment fee for missed appointments unless the patient notifies us at least 24 hours in advance of the scheduled visit.

However, we are waiving the fee because this is your first missed appointment in fifteen years of being a patient at the center. Please contact the office as soon as possible to reschedule your appointment. Your physician, Dr. Ramanathan, has created additional appointment times this month because he will be on vacation in February.

Sincerely,

Grace Drance, Scheduling Assistant

Questions 158-160 refer to the following memo.

MEMO

To: Swansea Spotlight Theatre staff
From: Rhian Griffud, Chief Executive
Date: 7 September
Subject: What's happening

Dear Staff:

I am thrilled about the imminent reopening of our theatre, and I hope you are too. It has been a long process, and audiences will undoubtedly appreciate all the renovations, including the newly upholstered seats and the updated heating and air-conditioning system. I believe that all of us who work in the theatre will enjoy the changes as well. I know you must be eager to rehearse in the newly refurbished building next week.

One of the more visible updates to the space is the Swansea Spotlight Bistro, a new restaurant with a large seating area that replaces our previous concession stand. The bistro faces the street and will be open to the public even when no performances are scheduled. The menu will feature a wide selection of beverages, snacks, and meals, and it will change with the seasons to highlight locally available products.

On 2 October, we will celebrate the theatre's grand reopening with a one-night musical showcase starring some of the best actors and singers in Wales. One week later, we will begin the run of *Blake's River*. I appreciate all your hard work and patience as we start this new chapter in the history of Swansea Spotlight Theatre, and I look forward to our exciting future together.

158. What is the purpose of the memo?

(A) To announce a collaboration with another theater group
(B) To update employees about the completion of a project
(C) To schedule some rehearsal spaces
(D) To report on problems with a heating and cooling system

159. What is indicated about the Swansea Spotlight Bistro?

(A) It will feature a fixed menu.
(B) It will be open only during performances.
(C) It replaces a concession stand.
(D) It needs more tables and chairs.

160. What is mentioned about October 2 ?

(A) A single performance of a show will take place.
(B) Town officials will attend an event.
(C) *Blake's River* will begin its run.
(D) New costumes will be delivered for an upcoming play.

Questions 161-163 refer to the following company Web page.

Join the Building Blocks Team

Building Blocks is the newest employee-led volunteer group at Milos Tek Corporation. Unlike other company groups that organize charity fund-raisers or clean up local parks, Building Blocks asks its members to share their professional expertise with others. We offer free seminars on management, public relations, grant writing, and various types of application software to nonprofit organizations in Lalortown. These organizations include youth clubs, community sports leagues, the Lalortown Nature Center, and Lalortown's public radio station!

Participation in Building Blocks generally involves more time than what is encouraged by other volunteer groups at Milos Tek. While each seminar is typically one hour long, planning and preparation are also part of our activities. Those who choose to volunteer with us can expect to dedicate about two hours each week to our work.

We will hold a 30-minute information session on Friday, May 3, at 12:30 P.M., in conference room B-2. In the meantime, if you have questions, please contact Min-Gyu Byun at byun003@milostek.com.

161. For whom is the information most likely intended?

(A) Lalortown residents who work for nonprofit organizations
(B) Lalortown residents who are changing careers
(C) Milos Tek employees who want to help the local community
(D) Milos Tek employees who want to mentor newly hired staff members

162. What is the main activity performed by Building Blocks?

(A) Developing radio programming
(B) Planning fund-raisers
(C) Presenting informational sessions
(D) Organizing job fairs

163. What is required of Building Blocks members?

(A) They must be residents of Lalortown.
(B) They must give a fairly large amount of time.
(C) They must hold advanced academic degrees.
(D) They must attend a day-long seminar each month.

Questions 172-175 refer to the following online chat discussion.

Morton Talbert (7:32 P.M.)
Has anyone used the Internet device Bam Booster?

Chaya Leven (7:37 P.M.)
I have used other brands in the past, but now I have the Bam Booster 10, and I love it.

Laria Jones (7:38 P.M.)
I have a poor connection to the Internet in my basement. I have tried several Internet boosters, but they haven't helped at all. They're just not worth the money.

Morton Talbert (7:40 P.M.)
I am looking for a reliable booster that's easy to set up.

Chaya Leven (7:41 P.M.)
That one is the best.

Leonard Keff (7:48 P.M.)
I have the Bam Booster 7. It works fine and was easy to set up, but I've heard their newer Bam Booster 10 model is better.

Danyelle Walken (7:52 P.M.)
I have the Zeertox Signal Booster and it's somewhat big and unsightly. On the positive side, it's inexpensive and it works.

Chaya Leven (7:58 P.M.)
The Bam Booster 10 is much smaller. It does cost more than other brands, though.

Morton Talbert (8:02 P.M.)
I didn't realize there was more than one Bam Booster model. Thanks, everybody! Now I know what to get.

172. Why did Mr. Talbert initiate the online chat discussion?

(A) To solicit advice about purchasing a product
(B) To provide a review of an appliance
(C) To offer a specialized tool for sale
(D) To ask how to install equipment in a basement

173. Who reported a negative experience with multiple products?

(A) Mr. Talbert
(B) Ms. Jones
(C) Mr. Keff
(D) Ms. Walken

174. At 7:41 P.M., what does Ms. Leven imply when she writes, "That one is the best"?

(A) She appreciated a prior online chat discussion.
(B) She has been eager to try a new product.
(C) She finds Mr. Talbert's question helpful.
(D) She is pleased with the device she uses.

175. What is indicated about the Zeertox Signal Booster?

(A) It is too expensive.
(B) It is unreliable.
(C) It is better than the older version.
(D) It is comparatively large.

Questions 176-180 refer to the following e-mail and advertisement.

E-Mail Message

To: Mark Schroeder
From: Ashley Nguyen
Date: May 5
Subject: Seasonal hiring

Hi, Mark,

I hope you can take care of our summer hiring this year. Last year, Nancy Adams put an advertisement in the *Shoreline Observer*, and we had applicants right away. I suggest using that paper again. We should hire the same number of workers as last year, but this time, all four should be full-time. Please write a new advertisement, and we can look at it together next week before sending it out.

And by the way, thanks for your work getting the Gravel Road store ready to open. I know you will be a great store manager when it is operational next month. One of your first responsibilities will be to put together a terrific staff.

Best,

Ashley Nguyen, General Manager
Surf Bird Beachwear

Surf Bird Beachwear is Hiring for the Summer!

Surf Bird Beachwear, Jaxon Shore's best shop for casual clothing and beach supplies, has openings for four full-time workers. These seasonal positions will be available from the beginning of June until the end of August. Duties include handling sales, stocking shelves, assisting customers, and setting up displays. Some early morning and weekend work is required. We offer a competitive salary and excellent working conditions.

Surf Bird Beachwear has two locations in Jaxon Shore: the original Pelican Inlet store and, opening in June, our new Gravel Road location. All interviews will be conducted at the Gravel Road store. Go to www.surfbirdbeachwear.com/jobs to apply.

176. Why did Ms. Nguyen write the e-mail?

(A) To make a job offer to an applicant
(B) To assign a task to an employee
(C) To announce opening hours at a store
(D) To ask a question about newspaper advertising

177. What is suggested about the workers who were hired last year?

(A) They will be rehired this year.
(B) They will begin working in May.
(C) They lived near Jaxon Shore.
(D) They did not all work full-time.

178. What is NOT mentioned as a job duty in the advertisement?

(A) Placing items on shelves
(B) Displaying merchandise
(C) Unloading deliveries
(D) Helping shoppers

179. What is most likely true about the job interviews?

(A) They will take place in July.
(B) They will be held at the Pelican Inlet location.

Questions 181-185 refer to the following e-mail and blog post.

To:	Executive Team
From:	Kota Adachi
Date:	October 11
Subject:	Trak-4 jets

Dear Team:

In late December, we will take possession of the first six of the twelve Trak-4 jets we ordered last year. The remaining jets will be delivered throughout the coming year. I believe these narrow-body jets represent the future of our airline. In addition to being the quietest jets on the market today, they are 20 percent more fuel efficient than the DB90s that we currently fly. They also have a smaller passenger capacity of 76 seats, making them ideally suited to underserved regional markets.

In anticipation of the upcoming delivery, we must decide what routes to fly the new aircraft on. Perhaps we need to rethink our entire hub system. We currently have seven regional urban hubs where our flights connect. Passengers flying between smaller cities must change planes at one of these hubs. Landing fees at these larger airports tend to be very high. We could drastically reduce our operating expenses by flying narrow-body craft directly to and from airports located away from these major urban centers.

I am setting up a meeting one week from today to discuss this issue. We will analyze the profitability of each of our current routes in order to reach an informed decision.

Travelaider: A Blog about Where, Why, and How to Travel

By Ken Ogawa

Springfield (January 20)—I recently flew nonstop from Silver City to Centerville on Ventana Airlines. That's right, I said "nonstop." Ventana now offers direct flights between these two small cities with no need for travelers to change planes at Midwest National Airport, our only regional hub. I surely will not miss hurrying between terminals at Midwest through a sea of fellow passengers.

As for the flight itself, Ventana's new jets are a vast improvement over the old ones. The possibility of being stuck in the middle seat is no longer a concern. The new aircraft have only two seats on each side of the aisle, so everyone gets an aisle or window seat. The seats are also more comfortable than most airplane seats. The legroom was a little tight for a person my size, but someone of average height should have plenty of room to stretch out.

181. According to the e-mail, what will happen over the next twelve months?

(A) Travel to smaller cities will decrease.
(B) Landing fees at airports will increase.
(C) Ventana Airlines will receive new aircraft.
(D) Ventana Airlines will hire 76 additional staff.

182. How does the Trak-4 jet compare with the DB90 aircraft?

(A) It has more legroom.
(B) It has larger windows.
(C) It can accommodate more passengers per flight.
(D) It has no middle seats in its cabin.

183. What can be concluded about the Ventana Airlines executive team?

(A) It is no longer interested in using the Trak-4 jet.
(B) Its next meeting will be held on January 20.
(C) It decided to add routes that bypass urban hubs.
(D) It received an award for achieving its profitability goals.

184. What does Mr. Ogawa dislike about connecting at a hub?

(A) Waiting in line at security checkpoints
(B) Rushing from one terminal to another
(C) Having to eat quickly at the airport
(D) Boarding and deboarding the aircraft

185. What is most likely true about Mr. Ogawa?

(A) He is relatively tall.
(B) He is a commercial pilot.
(C) He lives in Centerville.
(D) He prefers a window seat.

Questions 191-195 refer to the following advertisement, price list, and review.

Protecto Umbrella Wrapping Machines

Visitors entering and walking through a building with wet umbrellas unintentionally create wet and slippery floors. The Protecto Umbrella Wrapping machine (PUW machine) provides a simple and convenient way to address this problem. The machine is best placed in the entryway of your building. Upon entry, visitors insert their wet umbrellas into the machine. It automatically wraps the umbrella in a clear plastic bag, after which visitors can take their umbrellas. Upon leaving, they can discard the used bags in any nearby trash can.

PUW machines are available with one or two umbrella-wrapping devices and come in stainless steel or black. The machine wraps umbrellas in 1.5 seconds. The stand is mobile and thus can be rolled around to different locations. Purchase a PUW machine throughout November and receive a lightweight umbrella featuring our company logo.

Office Equipment Review: Protecto Umbrella Wrapping Machines

I love our new PUW machine! As the facilities manager of a medium-sized office building, I often have to deal with the inconvenience of wet floors caused by visitors entering with umbrellas. We used to have a large umbrella stand in the lobby where visitors could leave umbrellas, but only a few people used it. Then we tried an umbrella stand that included disposable plastic bags that visitors could tear off and put their umbrellas in. However, this method was ineffective because the bags were rather flimsy, thus failing to prevent water leakage.

So, in November, we decided to try a PUW machine. Because we have many visitors, we purchased the PUW machine with two devices and ordered it in stainless steel to match our modern-looking lobby.

Since then, the entranceway has been safer and cleaner. Visitors love that it is automatic, and everyone is grateful that the lobby is no longer wet and slippery because of umbrellas dripping with water!

—Andrew Barr

191. What does the advertisement suggest about PUW machines?

(A) Their material makes them cost-efficient.
(B) They can wrap an umbrella in less than one second.
(C) Their wheels allow them to be moved around.
(D) They contain a receptacle for used bags.

192. What does the price list indicate about bags?

(A) They are available to buy in different quantities.
(B) They fit in all brands of umbrella-wrapping machines.
(C) They are not included in the price of PUW machines.
(D) They are sold in retail stores.

193. What is suggested about Mr. Barr?

(A) He is a longtime customer of Protecto.
(B) He received an umbrella with his order.
(C) He works in a quiet office building.
(D) He recently changed jobs.

194. What is the cost of the product that Mr. Barr reviewed?

(A) $35
(B) $100
(C) $350
(D) $450

195. What problem does Mr. Barr describe?

(A) Protecto products are not modern-looking.
(B) Visitors were not using an umbrella stand.
(C) The lobby of his building is not clean.
(D) Some disposable umbrella bags were too small.

In December, Croydon Construction will mark 25 years in business on the South Island of New Zealand. We take great pride in the many buildings we have built here in Christchurch, where our headquarters are located, and in other locations along the South Island's east coast.

We have been busy recently with some exciting projects. In Christchurch, we are building the Willoughby Medical Clinic on Grove Road, with a grand opening date of 1 November, and we are expanding the Blakefield Community Centre on Springdale Avenue. In Ashburton, we have nearly finished a 107-unit apartment complex on Passerine Way and have just broken ground on the new wing of the Dismus School on Sixth Street. Steve Kogler is our new chief site engineer.

Are you interested in employment with Croydon Construction? We're hiring for both office and jobsite positions. Go to our Jobs page to view open positions and to apply.

Dear Ms. Rahija:

I am writing to check on the status of order 47992, which should have arrived here by 31 July and is now two weeks overdue. We are extremely concerned. The building's completion date cannot be postponed. Please let me know when we can expect our windows to arrive. We shall withhold the balance of payment until the items have been received. Wilma Windows has been our supplier for many years, and this is the first time a problem like this has occurred.

Thank you for your prompt attention to this matter.

Sincerely,

Zack Makoare

Dear Mr. Makoare:

Please accept my apologies for the lateness of order 47992. A machine in our factory malfunctioned, creating flaws in the window glass. The machine has been repaired, and the factory is back to its usual production schedule. We are expediting your order and will ship it tomorrow. It will arrive at your medical clinic construction site on 20 August. As a goodwill gesture, we will refund your entire shipping fee.

Sincerely,

Sanaa Rahija

196. What is suggested on the Web page about Croydon Construction?

(A) It recently hired Mr. Kogler.
(B) It has been in business for only a short time.
(C) It is planning to move its headquarters to Christchurch.
(D) It completes projects in countries outside of New Zealand.

197. According to the Web page, what should job applicants do?

(A) Visit the company headquarters in person
(B) Attend a career fair
(C) Contact the hiring manager by e-mail
(D) Submit an application online

198. In the second e-mail, what problem does Ms. Rahija describe?

(A) The wrong product was manufactured.
(B) The factory was understaffed.
(C) Some equipment did not operate properly.
(D) Some items in an order broke during transport.

199. Where most likely will order 47992 be delivered?

(A) To Grove Road
(B) To Springdale Avenue
(C) To Passerine Way
(D) To Sixth Street

200. What can be concluded about Mr. Makoare?

(A) He plans to retire on November 1.
(B) He wants to change his order to a better type of window glass.
(C) He will probably have to postpone a building's completion date.
(D) He will soon pay a supplier in full.

Stop! This is the end of the test. If you finish before time is called, you may go back to Parts 5, 6, and 7 and check your work.
