Thursday, September 4. It will take up most of the day. Are you still planning to come?

Priya Begani [9:05 A.M.]
I wouldn't miss it! I only asked because I'm trying to decide when to schedule an accounting department meeting during that week, and the only days I'll be in the office are September 2, 3, and 4. After that, I won't be back until September 15, which would be too late.

Don't forget that the office will be closed on the morning of September 2 for maintenance work. The crew is supposed to be finished by noon, but you never know.

Priya Begani [9:07 A.M.]
Oh, right. The last time they did maintenance work, the office ended up being closed all day. That leaves only one sure date for that accounting meeting then. Thanks for reminding me.

Jared Oxley [9:08 A.M.]
No problem. By the way, a few of us are getting together at Ayala's Bistro after work today. Would you like to join us?

I received my fabric samples today, and they are beautiful! I would like to get a quote for custom curtains for my dining room using the Manchester fabric. I need four panels, 117 cm x 228 cm each, made in your box pleat style. Please let me know how much that will cost and when I can expect to receive them. As a reminder, I have a coupon code for 10 percent off.

I am also interested in curtains for my living room, but the shades of blue in all the samples I received do not work well in that space. Could you please send me samples of your Edinburgh and Norwich fabrics? I understand that they come in shades of green. Feel free to charge the credit card I saved to my online profile during my last order on 23 July.

Thank you,

Nicolla Grant

Good morning,

I am a new art instructor at Klarsen University. One of my colleagues told me that the Delta City Art Museum provides tours for local art students. I am interested in bringing my Art 103 class to view and sketch some of the pieces you have on display. Since Art 103 focuses on studying and drawing the human form, the statues will be getting most of our attention. However, I'm hoping that we could have a brief tour of the whole museum before we begin our work. Please let me know if this could be arranged.

Thank you in advance for your assistance!

Questions 191-195 refer to the following article, letter, and invoice.

BOSTON (January 3)–According to a recent survey by the National Dentifrice Council, the United States toothpaste packaging market is expected to grow by more than 3 percent over the next decade.

Collapsible toothpaste tubes continue to lead the market overall, but because they are composed of multiple layers, it is nearly impossible to recycle them. They are beginning to lose a small part of their market share to recyclable forms of packaging, including jars, bottles, and refillable pump dispensers.

Dear Mr. Patel,

Thank you for allowing me to speak with you and your team about Green Globe All-Natural Toothpaste.

As I explained during our meeting, I founded Green Globe ten years ago to offer an alternative to the nonrecyclable packaging used by nearly every other toothpaste brand. Our toothpaste is packaged in 100-milliliter glass jars. It is currently sold in stores throughout the United States and Canada. I hope that shoppers will soon be able to buy the product in all the stores in the Macker Drugstores chain.

I understand that you would like to purchase two cases initially to test sales in a single store. Let me emphasize that, as soon as you are ready, we can immediately ship cases to all Macker Drugstores—and, of course, we will offer you a significant discount on all orders over ten cases.

Thank you again for taking the time to meet with me. I look forward to working with you.

Sincere regards,

Verna Brown

To:	Sleepy Time Hotel <information@sleepytimehotel.com>
From:	Jongwoo Cho <jongwoo.cho@onyxmail.com>
Date:	August 15
Subject:	My hotel stay

Greetings!

I made an online booking for a two-night stay at your hotel for this upcoming Friday, August 19, but I cannot figure out how to get to the hotel once I'm in Charlesville. I downloaded the City Link Line app as suggested on your Web site, but I am finding it difficult to navigate. No options are coming up for the Dalton light-rail station, which you specifically mention as the station where hotel guests should disembark. Could you please clarify how best to get to the hotel? Judging from the pictures on the Web site, the hotel looks like a beautiful place to stay. I am looking forward to spending a couple of nights right by the beach.

Thank you,

Jongwoo Cho

My stay at the Sleepy Time Hotel was fantastic. Initially, I was worried I could not get to the hotel easily from Johnstown, where I had just finished an exhilarating three-day professional conference. The hotel Web site is not crystal clear about transportation options. Since I am not familiar with this part of the country, I e-mailed the hotel, and someone responded immediately. Ultimately, it was easy to get to Charlesville. First, I took the 4:05 P.M. train out of Johnstown. Once I arrived at Charlesville Central Station, I rode the elevator to the basement, where the light-rail train platforms are located. I then boarded a light-rail train and rode it to the station directly across the street from the hotel. Apparently, the Charlesville light-rail system is relatively new. Keep in mind that there are no restaurants near the hotel, but there is a small grocery store around the corner. So I was able to purchase some food and have a picnic on the beach. Overall, this small hotel with lovely, bright rooms is a perfect escape from city life. I felt so relaxed when I finally returned to my office and got back to work.
